

# Test materials

If purchasing a Speech Test system from Soundbyte Solutions, the materials for the tests you specified are included in the price.

## Ling cards

Laminated cards to conduct the Ling 6 test.

## Manchester Picture Test Booklet

Large (A4) or Pocket size (A5)

Spiral bound booklet with 36 pages of the Manchester Picture Test. One target picture and three “distractors” per page.

Available in large (A4) or smaller pocket (A5) size.

Laminated outer pages that can be wiped down for infection control. Scoresheet included.

## Toy Boxes

McCormick Toy Test (McTT) or English as an additional language Toy Test (EAL)

These boxes contain 14 toys that represent the words in the McCormick Toy Test or English as an Additional Language Toy Test. Toy Tests are a quick and reliable means of assessing hearing in children and can be used with either live or recorded voice. They are especially useful for very young children who cannot be tested using other audiometric means. The toy box is plastic so it can be cleaned using wipes for infection control. Laminated score sheet included.
